- Expand invoice rows to see payment history
- Track payment dates and amounts received
- Monitor overdue invoices

REPORTS

Data Export for Analysis

Export lesson data as Excel for your own analysis and reporting.

Reports

Export bulk lesson data as Excel for your own analysis and reporting.

Export Period

From: To:

Optional Filters

Teacher: Status:

Export to Excel

Data Included in Export

Date • Teacher • Student(s) • Instrument

Lesson Type • Duration • Mode • Status • Notes

Article Academy © Data Export © Reports

Features:

- **Date Range** — From/To date pickers to select export period
- **Filtering** — Optionally filter by teacher or status before exporting
- **Excel Format** — Downloads as .xlsx for use in spreadsheets
- **Data Included** — Date • Teacher • Student(s) • Instrument • Type • Duration • Mode • Status • Notes

What You Can Do:

- Set date range (entire month, specific term, etc.)
- Apply optional filters for narrower export
- Click Export Excel to download
- File opens in Excel/Sheets for analysis

■ Quick Reference

Common Tasks:

- **Find a specific lesson**

School Lessons → Use filters or search → Click lesson row

- **Add note for parents**

Dashboard → Click lesson → + Add School Comment → Save

- **Export all September lessons**

Reports → Set dates Sept 1-30 → Click Export Excel

- **Check school balance owed**

Invoices → See Outstanding card → Expand invoice rows

- **View student history**

Students → Click student name → See all lessons & attendance

- **Generate lesson PDF**

School Lessons → Click PDF button on any lesson row

■ Pro Tips:

- Use search boxes to quickly find lessons or students
- Sort tables by clicking column headers
- Red badges = Urgent (Cancelled, Overdue)
- Green badges = Positive (Paid, Present)
- Amber badges = Pending (Partial, Absent Excused)
- School Teacher Comments appear on parent-facing PDFs
- Internal Comments are never shared - use for internal notes
