School Administrator Visual Guide

Step-by-step walkthrough with live app screenshots

■ School Admin Dashboard Overview

As a school administrator, you have access to 6 main tabs in the Artickle Academy platform. Each tab gives you control over different aspects of your school's music programme.

Tab	Purpose	Key Features
■ Dashboard	Real-time overview	Summary cards, Recent lessons, Quick comments
■ Lessons	Complete lesson history	Advanced filters, Bulk export, PDF reports
■ Students	Student roster	Attendance tracking, Enrollment info
■ Periods	School terms	Academic calendar organization
■ Invoices	Billing & payments	Payment status, Payment history
■ Reports	Data export	Excel downloads for analysis

Navigate Between Tabs: Use the sidebar menu on the left to jump between tabs. The active tab is highlighted in blue.

■ TAB: DASHBOARD

Your school snapshot at a glance. Shows real-time stats, recent lessons, and quick actions.

What You Can See:

- **4 Summary Cards** — Students, Total Lessons, This Month's Lessons, This Month's Hours
- **Recent Classes** — Last 20 lessons with date, teacher, student(s), type, duration, status
- **Lesson Detail** — Click any lesson to see full info including evaluations and notes
- **Comments** — Add School Teacher Comment (for parents) or Internal Comment (private)
- **PDF Export** — Generate a lesson report to send directly to parents

What You Can Do:

- Click any lesson row to view full details
- Click + Add School Comment to provide feedback
- Download PDF for parent communication

■ TAB: SCHOOL LESSONS

Complete searchable lesson history with powerful filtering and bulk export.

What You Can See:

- **Row 1 Filters** — Search box, Month dropdown, Status dropdown, School Period
- **Row 2 Filters** — Date From/To pickers for precise date ranges
- **Row 3 Filters** — Grade filter and Email search for student-specific filtering
- **Row Selection** — Use checkboxes to select lessons for bulk export
- **Bulk Actions** — Export selected or all filtered lessons as Excel file

What You Can Do:

- Click lesson row to view in read-only detail popup
- Click Edit to add/modify School Teacher Comments
- Click PDF to download single lesson report
- Check boxes and click Export Excel for bulk download

■ TAB: STUDENTS

Read-only roster of all students enrolled at your school. Drill down for full history.

What You Can See:

- **Student List** — Name, Instrument, Teacher, Lesson Count, Enrollment, Grade
- **Filtering** — Filter by Grade and search by name/instrument/teacher/email
- **Student Profile** — Click any student name to see full lesson history
- **Attendance** — View attendance percentage and lesson timeline
- **Evaluation Data** — See how ratings and notes change over time

What You Can Do:

- Click student name to open their full profile
- See all lessons and attendance history
- Track evaluation progress
- View enrollment period info

■ TAB: SCHOOL PERIODS

Define your school's academic terms and semesters for better organization.

What You Can See:

- **Period Info** — Name (e.g. Spring 2026), Start Date, End Date, Active/Inactive status
- **Organization** — Group lessons and students by academic period
- **Filtering** — Use periods as filter in School Lessons page
- **Admin Only** — Periods are created by academy admin - contact admin to add/modify

What You Can Do:

- View all defined school periods
- Use periods to filter lessons and organize by term

■ TAB: INVOICES

Track all invoices issued to your school and payment status.

What You Can See:

- **Summary Cards** — Total Invoices, Outstanding balance, Paid count, Overdue count
- **Invoice Table** — Invoice #, Period, Amount, Paid, Balance, Due Date, Status
- **Expand Details** — Click ▼ on any invoice to see payment history
- **Status Tracking** — Draft, Issued, Partially Paid, Paid, Overdue, Cancelled

What You Can Do:

- Check Outstanding card for total balance owed
- Expand invoice rows to see payment details
- Track payment dates and amounts

■ TAB: REPORTS

Export bulk lesson data as Excel for your own analysis and reporting.

What You Can See:

- **Date Range** — Use From/To pickers to select the period to export
- **Filtering** — Optionally filter by teacher or lesson status first
- **Excel Format** — Downloads as Excel file for use in spreadsheets
- **Included Data** — Date, Teacher, Student(s), Instrument, Type, Duration, Mode, Status, Notes

What You Can Do:

- Set date range (e.g. entire month or term)
- Optionally apply filters
- Click Export Excel button
- File downloads to your computer

■ Quick Reference & Common Tasks

Task	How to Do It
Find a specific lesson	School Lessons → Use filters → Click lesson row
Add note for parents	Dashboard → Click lesson → + Add School Comment → Save
Export all September lessons	Reports → Set dates Sept 1-30 → Click Export Excel
Check school balance owed	Invoices → See Outstanding card → Expand invoice rows
View student's lesson history	Students → Click student name → See all lessons & attendance
Generate lesson PDF	School Lessons → Click PDF button on lesson row
Filter lessons by grade	School Lessons → Row 3 → Select Grade → Apply
See payment history	Invoices → Expand any invoice (▼) → View payment dates

■ Pro Tips:

- Use search boxes to quickly find lessons or students by name/ID/email
- Sort tables by clicking column headers
- Red status badges = Urgent (Cancelled, Overdue)
- Green status badges = Positive (Paid, Present)
- Amber status badges = Pending (Partial, Absent Excused)
- School Teacher Comments appear on parent-facing PDFs
- Internal Comments are never shared — use for internal notes only
