School Administrator Visual Guide

Complete walkthrough of every feature and tab

■ Contents

Tab 1	Dashboard	Overview & recent activity
Tab 2	School Lessons	Lesson history & filtering
Tab 3	Students	Enrolled student roster
Tab 4	School Periods	Terms & semesters
Tab 5	Invoices	Billing & payments
Tab 6	Reports	Data export
Extras	Tips & Quick Reference	Keyboard shortcuts

TAB 1: DASHBOARD

Your school snapshot at a glance. Shows real-time stats, recent lessons, and quick actions.

What You See:

- **4 Summary Cards** — Students enrolled, Total lessons, This month's lessons, This month's hours
- **Recent Classes Table** — Last 20 lessons with date, teacher, student(s), type, duration, status
- **Lesson Detail Popup** — Click any lesson row to see full info: evaluations, notes, status
- **Comment Editor** — Add 2 types of comments: one for parents (School Teacher Comment), one internal only

What You Can Do:

- Click any lesson to open its full detail
- Click + **Add School Comment** to add feedback for parents
- Add internal notes in the **Internal Comment** field (never shared)
- Click **Download PDF** to generate a lesson report for the parent

TAB 2: SCHOOL LESSONS

Complete lesson history with powerful filtering and bulk export. Find any lesson in seconds.

Filter System (3 rows):

- **Row 1:** Search box + Month dropdown + Status dropdown + School Period dropdown
- **Row 2:** Date From / Date To pickers for fine-grained date ranges
- **Row 3:** Grade filter + Email search to find lessons by student details

Per-Lesson Actions:

- **Click row** → Opens read-only lesson detail
- **Edit button** → Edit School Teacher Comment + Internal Comment
- **PDF button** → Download single-lesson PDF for parent
- **Checkbox** → Select lessons for bulk export

TAB 3: STUDENTS

Read-only roster of all students enrolled at your school. Click any student to drill down.

Student List Columns:

- **Name** — Clickable to open full profile
- **Instrument** — What they study
- **Teacher** — Assigned teacher name
- **Lesson Count** — Total lessons recorded
- **Enrollment** — Active school periods
- **Grade** — Year/grade level

Student Detail Page Shows:

- Full lesson history for that student at your school
- Attendance % (present vs absent vs cancelled)
- Evaluation timeline with rating changes
- Enrollment period information

TAB 4: SCHOOL PERIODS

School Periods define your terms/semesters. Used for organizing and filtering lessons by academic period.

Per-Period Info:

- **Name** — e.g. 'Spring 2026' or 'Term 1'
- **Start Date** — When the period begins
- **End Date** — When the period ends
- **Active/Inactive** — Current status of the period

■■ School Periods are created by the academy admin. Contact admin to add or modify terms.

TAB 5: INVOICES

All invoices issued to your school. Track billing, payment status, and outstanding balance.

Summary Cards:

- **Total Invoices** — Count of all invoices
- **Outstanding** — Amount still owed (amber if > 0)
- **Paid** — Count of fully paid invoices
- **Overdue** — Count of past-due invoices

Invoice Statuses:

- **Draft** — Prepared but not sent
- **Issued** — Sent to you, payment expected
- **Partially Paid** — Some payment received
- **Paid** — Fully settled ✓
- **Overdue** — Past due with balance owed

■■ Expand any invoice row (▼) to see payment history and dates.

TAB 6: REPORTS

Bulk data export tool. Download lesson records as Excel for your own records, reporting, or parent communication.

How to Export:

1. Set a date range using From/To pickers
2. Optionally filter by teacher or status
3. Click **Export Excel** button
4. File downloads to your computer

What's Included:

- Date & time
- Teacher
- Student(s)
- Instrument
- Type
- Duration
- Delivery Mode
- Status
- Evaluation notes

■ QUICK REFERENCE

Common Tasks in 3 Steps:

Task	Steps
Find a specific lesson	School Lessons → Use Date/Name filters → Click row
Add note for parents	Dashboard → Click lesson → + Add School Comment → Save
Export all Sept lessons	Reports → Set dates Sept 1-30 → Export Excel
Check payment status	Invoices → See Outstanding card → Expand invoice rows
View student history	Students → Click name → See all lessons & attendance
Generate lesson PDF	School Lessons → Click PDF button on any row
